

EVERYDAY SUNSHINE

www.fishbonedocumentary.com

From the shifting faultlines of Hollywood fantasies and the economic and racial tensions of Reagan's America, FISHBONE rose and became one of the most original bands of the last 25 years.

With a blistering combination of punk and funk they demolished the walls of genre and challenged the racial stereotypes and the political order of the music industry and of the nation.

EVERYDAY SUNSHINE is about music, history, fear, courage and funk on the one.
